Monte Faro de Luz [Valencia de Alcántara (Cáceres) - SPAIN]

Thank you Mother, thank you Mother, thank you for being here, thank you.

My little ones, my children, have peace in your hearts and the Light of my Light in your souls.

All my children of Faro de Luz, all my children of the world, pray, pray, pray a lot, the world needs to pray for all this that you are seeing and what you are going to see.

Meditate still on **EZEQUIEL**, so you will know your God, my God; meditate a lot on your God, love him, enter the Heart of your God, tell him: "Father, you created me and I am your son, I want to go to You to be with You and I want that Salvation that You gave me through Your Son Jesus" Tell him, my children.

Look, the crisis is all over the world; I am going to tell you what I told my son Bruno last century, Tre Fontane. I came as the revelation and he and his children, the three little ones, went to the grotto where I appeared; they, the children, prayed, he hated, but his destiny, my children, was in the salvation of their souls, especially that of my son Bruno; I tell him: "my son, by 2018 to 25 the church will have a total crisis and this you have to reveal to Pius XII, your Pope" He went and told him, my children, but that was silent and was not prayed and now is the moment of that date that I gave; The Church will go through a very great crisis, it is already going through it, that is why they are closing the temples of my Son; My children, the priests, many do not want to know anything about what their Mother says, today too; I send these my little children to the world with my Son to reveal the messages of my Heart and those that I bring from Heaven for all my children.

My little ones, why are you like this, why don't you go to the Tabernacle, why don't you go and do everything that you once said on the Altar: "forever, Lord, shepherd forever" My children take off your mask and be brave ; I tell all my children to you to ask for them, for them because they need their conversion, there are many who do not know what they do and go to the world and are in the world like another man in the world What pain my Heart when I see that so many are

marching on the way to Hell! But there is also another part that are dear children, children of Love, children who come to my Son and to my Heart.

The world is going through many bad things, but there are also good things, stay with the good, my children, do not be the foolish virgins, be the virgins advanced and strong and firm in waiting for the Bridegroom. The world dethrones, the world does not want its God, I am saying it many times, pray, get on your knees, go to the temples, Tabernacle, Tabernacle, Tabernacle, but really, my children, not a little bit now and nothing tomorrow Be strong and constant in prayer; My children, Heaven is won with the Cross, not with the fuss that the world brings, drunkenness around here, bland life there, criticizing, speaking badly, being in the world hating each other; that, my children, your God does not want, your God wants pure souls, souls consecrated to his Heart; go running to the Cross, embrace the Cross, because that is where the most beautiful treasure of your heart is.

My children, be patient, humble, simple and always pray, pray, pray, Tabernacle, my children, my Heart cries every day, every second of life, of your life and of Heaven because when my Son and I see the sins so great that man commits, that they still nail us to a Cross, how can we not cry if men are still evil and do not want to go up to Heaven?

My children, you who have the beautiful thing and that love so great that I give, that I come to manifest Myself to you, to the whole world, come to my Heart, be submissive, obedient; Go to church, my children, do not be afraid, fear, my children, is a matter of the Devil. How is a man or a woman going to get to Heaven if they do not eat and drink the blood of my Son and his Body? How is it that they are so stunned, so foolish that they do not see their God who comes every day? P Because of course, every day he gives your life. Why my children? Woe to those who when the time comes are not prepared and are in grave sin!

That is why I appear to the world, to give these messages of love, of charity, of strength, so that you may go to my Son. Confessional, penance, fasting, rosary, cross, my children, via crucis, that is the life that you have to lead, this is the life, my children, that my Son and my Heart want, that you be perfect and holy, let yourselves be lusts, lies, deceptions and everything that interferes in your heart, leads to nothing, leads to Hell, everything bad. My God, your God, loves you so much that He is your Creator, you were created by Him, and He loves you all, and He also suffers, that is why the Cup is overflowing, my children, and soon you will see very soon, if you do not repent

and you kneel down to pray for all humanity, for the conversion of the world and for you too. Convert also, my children, because you have to remove the agony of self, pride, the greed of money; thirst, as I have told you so many times, poor people, live in poverty and help the one who is by your side; How many of my children die every day of hunger, of misery, of cold! Oh my children! And they have had their reward; and woe to all those who live opulence and look to themselves and do not look at their brothers who are at their side, you are all children of the same Father.

My children, you have to give what that brother says, that brother asks of you, not just money but he asks a lot of you, love, brotherhood, company, that is what you have to do; do not look at riches, riches, my children, they are worth nothing, because a piece of bread well worked with the sweat of your brow, as you say on earth, that is the most beautiful thing that exists in Heaven; Those who have everything, have already had everything, but there are those who have it and do not distribute, you in your measure also have to distribute for those who need, when they ask you to give it, whatever it is, especially love, love, my children, and the teaching of the Gospel of my Son so that the whole world knows and sees that my Son is God, God of all, the one who came to save you and the one who also comes to save you still, but you have to deserve .

How many times have I told you to go up the mountain, but do not look back, because many when they look back they see what is in the world, they go back and do not want to follow the wounds of my Son and my Son awaits you with open arms and close to all, but you have to reach the end even though the Cross is strong, as you say, it is that I cannot handle it, this is too much, not my children, my Son will give you the soft cross, but a cross of love, a saving cross, a cross as he said to Dimas, "today you will be with Me in my House"; and that is what you have to do, my children, look for that aroma of my Son, that Cross of my Son, and He will strengthen you with His arms so that you continue walking towards Heaven.

Ask a lot for the dying, do not forget the dying, also the souls in Purgatory that I have told you so many times and I tell you, they will be those who ask when they leave Purgatory for all of you who have prayed. My children also ask, I repeat it again, for Spain, Germany, France, Sweden, England, China, the United States, in total the whole world; Ask and get on your knees so that this epidemic of Satan goes away, and that the Lord, my God, your God, have Mercy on all of you and this evil in the world ends; But bear in mind, my children, that what comes from Heaven is going to be terrible, I have already told you so many times, many will die of fright without having seen

what is coming, what is going to come; As my son Bruno saw an aborted child in the grotto, I appeared there and there I wanted them to make me a Chapel and now they call me Tre Fontane. My children, ask Tre Fontane, in my Heart, for the children, those aborted, those children who are not going to be born, and for all those who in these moments and in other moments die condemned by pride, by the wickedness of men ; That is why today I come in red, in red, my children, martyr, you too can be a martyr if you lead a life of love, love and truth; never forget to eat and drink the Body and Blood of my Son, for that will give your life, my children, and be alert because you do not know the moment, nor the hour, nor the day that my Son of Love will appear to the world.

Ask for Israel, my People, for the people of so many Prophets who did so much and loved their God, whom the people did not want, nor my Son; But my Son will come one day and that day will be when those children of Israel say: "Blessed is he who comes in the name of the Lord" It will be soon; but other events will come as I told you a short time ago, the bad Pope will come, who will be the Devil, who will sit in the chair of the first Pope, Peter.

Be careful with this, my children, don't be fooled, because there are many who prowl around and want to annihilate the good Pope, who is Francis; ask for him, pray for him, and when they tell you something bad about him, ignore him; ask for those, because they are condemning themselves to blaspheme and lie and say what they don't have to say.

My children, I love you very much; Lighthouse of Light, today I am not with you either, but I am there, everyone who passes by or whoever goes. I am thanking you from my Heart and blessing you.

Ask a lot for this to end, if you don't pray, my children, it will last a long time, but you are brave and you are hearing this message, not for Spain, but for the world; if the man gets on his knees this will end; Pray, and pray the Rosary that I like so much.

My children, I give you my blessing, but, as always, my Creator God, my Savior Son, the Holy Spirit my Sanctifying Spouse, and I your Mother Miriam, Heart of Mary, Beacon of Light, Beacon of Light, Beacon of Light.

Be encouraged, my children, and continue walking with love for Love, strengthen your souls, but come to the Tabernacle, there where my hidden Son is, there are few who will visit him, because the world deceives you with the pleasures of life.

And you, my sons the priests, look to Heaven and keep walking for Love. Today you have here a son of mine, José, my dear son, so much that you love me, so much and so much you love me, my son, keep walking wherever you are, you have to do a lot of work. Don't worry because my Heart and the Heart of my Son will always be with you; be humble, my son, be humble and strengthen yourself with the Tabernacle; yes, my son, I love you, you know that I love you and you know that I am with you, so go ahead and lead your sheep to this flock that my Son gave you to be the director and spiritual father of all of them, even though the pain Drill you, go ahead, go ahead, do not be afraid, because my Son and I are by your side.

Goodbye little ones, goodbye my children, goodbye...

Now our Mother is addressing the seer.

My little one, I tell you to walk with humility and remove the pride of your heart, I tell you, little one, that Ernesto, that Portuguese, is already in the Celestial Abodes, my daughter Rosa has also already signed the seal of Heaven, and your mother Faustina is already in the Abodes of Heaven too.

Follow us, love us, keep doing your penances, and I love you in silence, I want you to be small, as I like Me, all my children have to become small and nothing to enjoy one day in Heaven.

Don't worry about your illness, we love you that way.

Our Mother in Monte Faro de Luz.
